SHARP®

Colour and Monochrome Printers

Powerful and versatile printing
Enhance security and optimize productivity.

The BPB550PW and BPC545PW colour and monochrome printers combine security features, seamless application integration, and an improved user interface to deliver cutting-edge technology. These features not only help protect your intellectual property with robust security measures but also enhance convenience through direct printing from Microsoft Office.

Easy-to-use Touchscreen

The 7" (diagonal) colour customizable touchscreen display delivers enhanced user experiences consistent with larger Sharp devices. Easy User Interface (UI) mode offers users quick access to frequently used settings and functions.

High Efficiency Output

Designed to meet the needs of businesses, the BPB550PW and BPC545PW printers are high-efficiency, high-volume, high-quality document systems ideal for streamlining performance and operations. The BPB550PW monochrome printer prints up to 50 pages per minute and has a maximum paper capacity of 2,350 sheets. Likewise, the BPC545PW colour printer prints up to 45 pages per minute and also has a maximum paper capacity of 2,350 sheets. These characteristics and specifications make these printers a versatile choice for any organization.
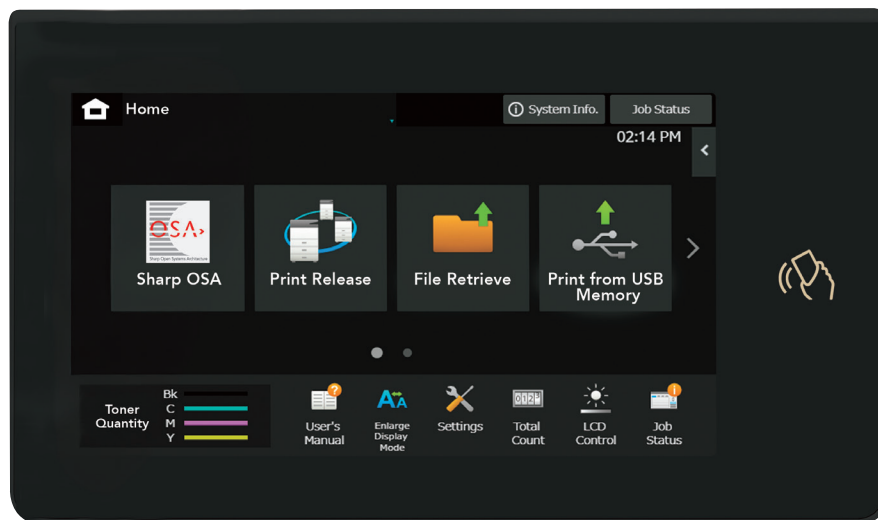

Leading Security

Help protect endpoint devices from threats with industry-leading security features such as remote firmware updates, optional virus detection kit, allowlisting and more.

Enhanced productivity and efficiency
Adaptable and customizable user interface.

✓ **One-touch access**

✓ **Intuitive user interface**

✓ **Multi-layered security**

7" (diagonally measured) customizable touchscreen display.

Seamless mobile connectivity for touchless operation. (BPC545PW shown)

Fast, On-the-Go Mobile Device Integration
Seamless, secure, and reliable connectivity.

Print with Popular Mobile Technologies
These versatile printers support Apple AirPrint, Sharp Print Service Plugin, plus Microsoft Word, Excel, PowerPoint files and more.

Device Management
Sharp Remote Device Manager* (SRDM) provides administrators centralized control of networked printers and multifunction printers which allow limited remote access during system setup, security setting, troubleshooting, usage and status monitoring.

Protect Intellectual Property
Security features like standard data encryption and boot verification, help your information stay protected, whether it's in a document, on the device, or transmitted over the network.

* Some features of SRDM are not available.

Smart·Connected·Secure

Merging technology and functionality
Versatile printers designed to elevate productivity.
