Essentials Series Monochrome Document Systems

A smart design that helps drive efficiency

From media handling to workflow and collaboration, the Essentials Series delivers the features businesses need to get the job done.

Built for today's workstyles, these monochrome document systems feature an intelligent design that offers seamless, secure collaboration while supporting sustainability in modern office environments.

A Smart MFP That Drives Efficiency: Features like AI assisted scanning with auto skew correction and image format detection ensure scanned documents are processed correctly.

Easy to Operate: An intuitive touchscreen display that is built on an award-winning user interface is easy to navigate, enabling users to execute their jobs quickly and efficiently.

Modern Design: Elegant exterior design offers a contemporary colour scheme, soft-close paper drawers, and easy-roll casters to make this series a perfect fit for any office environment.

Comprehensive Data Security: The Essentials Series utilizes leading, multi-layered security features to help ensure your document data and personal information remains safe.

10.1" (diagonally measured) customizable touchscreen display.

Pivoting touchscreen adjusts instantly for the perfect viewing angle.

- 100-sheet reversing single-pass feeder scans originals at speeds of up to 80 images per minute.
- Flexible paper handling supports media up to 300 gsm and COM-10 envelopes from the standard paper drawer.
- Inner Folding Unit option offers a variety of fold patterns, including c-fold, z-fold and others.
- Smart controller design ensures maximum device uptime with self-healing features that remediate CPU errors and automatic firmware updates that keep the device current.

Inner Folding Unit option offers a variety of fold patterns, including c-fold, z-fold and others.

- Provides seamless access to Microsoft services with Microsoft Entra ID in Azure native environments.
- Intuitive touchscreen display is easy to navigate, enabling user to execute their jobs quickly and efficiently.
- Collaborate with remote workers using popular cloud services, such as Microsoft Teams, Google Drive™, Dropbox and others.*
- Leading security features such as BIOS Integrity Check with selfrecovery, Firmware Attack Prevention and Intrusion Detection help safeguard against potential threats.

100-sheet RSPF scans documents at up to 80 images per minute.

- Supports Microsoft Modern
 Print Platform including Universal
 Print and driverless printing
 with the Sharp Print Support
 Application (PSA).
- Designed with approximately 50% recycled plastic and offers among the lowest TEC value and stand-by power in its class.
