

Monochrome Printer

Space Saving Solution with Reliable Performance Designed to fulfill the needs of today's diverse work styles.

The MXB468P monochrome printer delivers crisp, high-quality output with exceptional ease-of-use. This compact printer provides customers with an intuitive user experience and the confidence of knowing their jobs will come out right the first time, every time. Equipped with robust technology and economical features that reduce energy consumption both while in use and during sleep mode, the MXB468P is the perfect size solution for the workplace or home office.

Ease-of-Use: Quick set up with one-step installation process and 2.8" (diagonal) LCD display with simple operation keys to control print, power and network settings.

Productivity: Produces high quality, professional output at up to 46 pages per minute, plus optional wireless connectivity enables easy access from mobile devices such as notebook computers, tablets and smartphones.

Hybrid Workplace: Compact design with flexible paper handling allows printing on a wide variety of paper through the main paper drawer and by-pass tray.

Standard desktop configuration shown.

Easy-to-use 2.8" (diagonal) LCD panel.

Front facing bypass tray for specialty media and USB port for easy direct printing from memory devices.

A compact design with advanced workflow features for virtually any size office or home.

- Productive printing speeds of up to 46 pages per minute.
- Offers up to five paper sources with available 2,000-sheet maximum paper capacity.
- 100-sheet multipurpose tray for envelopes, heavy paper and specialty media.
- Supports letter and legal size paper through the standard paper drawer and multipurpose tray.
- Standard automatic two-sided printing.

- Supports popular mobile technologies, enabling users to easily print files from smartphones, tablets and notebook computers.
- 2.8" (diagonal) colour LCD panel with keypad for easy configuration of printer settings.
- Direct printing of TIFF, JPEG, PDF, or XPS files without using the printer driver.
- 1,200 x 1,200 dpi printing delivers clear, crisp images and text page-after-page.

- Compact design easily fits into small spaces in desktop or console configurations.
- Sharp Remote Device Manager (SRDM) allows administrators to have centralized control of their networked printers in order to simplify installation and management.
- Trusted Platform Module (option) delivers authentication, system integrity checks, and encryption capabilities.
